To Job Karani <Karani@africarenewables.energy>

Hi Job,

Hope you're doing great!

I'm Carol, the Founder and CEO at StartupLinkX. We've teamed up with the **Beijing Overseas Talents Association** for something pretty exciting—the **HICOOL 2025 Global Entrepreneurship Competition**. I'd love for you to join us and get a shot at a chunk of the USD 15 million in cash prizes we're handing out to 200 global winning startups!

But hey, it's not all about the cash. You'll get to pitch to some of the top venture capitalists in China. We're talking big names like Google, Slush, Bank of China, Huawei, Sequoia Capital, MiraclePlus (formerly YC China), HKEX, Sinovation Ventures, Gobi Partners, Tesla, and loads more.

Plus, Beijing's government is throwing in some awesome support too—think market entry help, media publicity, office space, visa assistance, you name it.

Did you know? Beijing's been a top 5 player in global startup ecosystems for years, according to Crunchbase.

And the best part? It's totally FREE to enter this competition. If you're interested, swing by the competition webpage at [HICOOL 2025](#) for all the details. Make sure you drop in before the registration deadline of **January 31st, 2025**.

Feel free to contact us through this email or [LinkedIn](#) if you have any questions.

Can't wait to see what you bring to the table!

Cheers, Carol

P.S. Overloaded with emails? Just shoot back "silence," and we'll vanish!
